BlackLine

Investor Presentation

As of February 10, 2022

Safe Harbor

This presentation contains forward-looking statements. These statements may relate to, but are not limited to, expectations of future operating results or financial performance of BlackLine, Inc. (“BlackLine” or the “Company”), the calculation of certain key financial and operating metrics, capital expenditures, introduction of new solutions or products, expansion into new markets, regulatory compliance, plans for growth and future operations, technological capabilities, and ability to execute our technology and platform initiatives and strategic relationships, including our relationship with SAP, as well as assumptions relating to the foregoing. Forward-looking statements are inherently subject to risks and uncertainties, some of which cannot be predicted or quantified. In some cases, you can identify forward-looking statements by terminology such as “may,” “will,” “should,” “could,” “expect,” “plan,” anticipate,” “believe,” “estimate,” “predict,” “intend,” “potential,” “would,” “continue,” “ongoing” or the negative of these terms or other comparable terminology. You should not put undue reliance on any forward-looking statements. Forward-looking statements should not be read as a guarantee of future performance or results, and will not necessarily be accurate indications of the times at, or by, which such performance or results will be achieved, if at all.

Forward-looking statements are based on information available at the time those statements are made and/or management’s good faith beliefs and assumptions as of that time with respect to future events, and are subject to risks and uncertainties that could cause actual performance or results to differ materially from those expressed in or suggested by the forward looking statements. In light of these risks and uncertainties, the forward-looking events and circumstances discussed in this presentation may not occur and actual results could differ materially from those anticipated or implied in the forward-looking statements. These risks and uncertainties are described in greater detail under the heading “Risk Factors” in the filings we make with the Securities and Exchange Commission (“SEC”) from time to time, which are available on our website at http://investors.blackline.com and on the SEC’s website at www.sec.gov. Except as required by law, BlackLine does not undertake any obligation to publicly update or revise any forward-looking statement, whether as a result of new information, future developments or otherwise.

In addition, statements that “we believe” and similar statements reflect our beliefs and opinions on the relevant subject. These statements are based upon information available to us as of the date of this presentation, and while we believe such information forms a reasonable basis for such statements, such information may be limited or incomplete, and our statements should not be read to indicate that we have conducted an exhaustive inquiry into, or review of, all potentially available relevant information. These statements are inherently uncertain and investors are cautioned not to unduly rely upon these statements.

In addition to U.S. GAAP financials, this presentation includes certain non-GAAP financial measures, including non-GAAP revenue, gross profit, gross margin, free cash flow, sales and marketing expense, research and development expense, general and administrative expense, loss from operations and operating margin (loss). These non-GAAP measures are in addition to, not a substitute for or superior to, measures of financial performance prepared in accordance with U.S. GAAP. The non-GAAP financial measures we use may differ from the non-GAAP financial measures used by other companies. A reconciliation of these measures to the most directly comparable GAAP measure is included in the Appendix to this presentation.

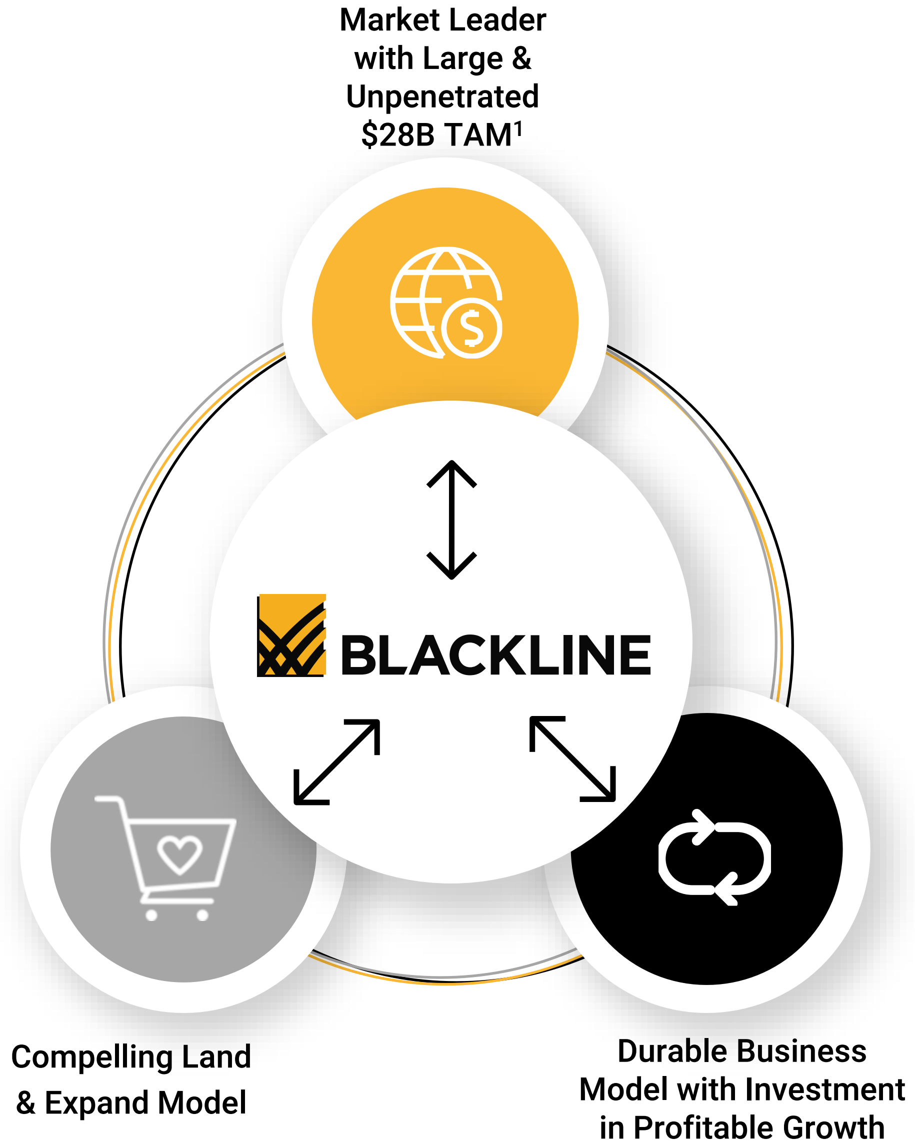
2

WHO WE ARE

Champions of strategic accounting and finance transformation

OUR VISION

To be the indispensable platform for the office of the controller

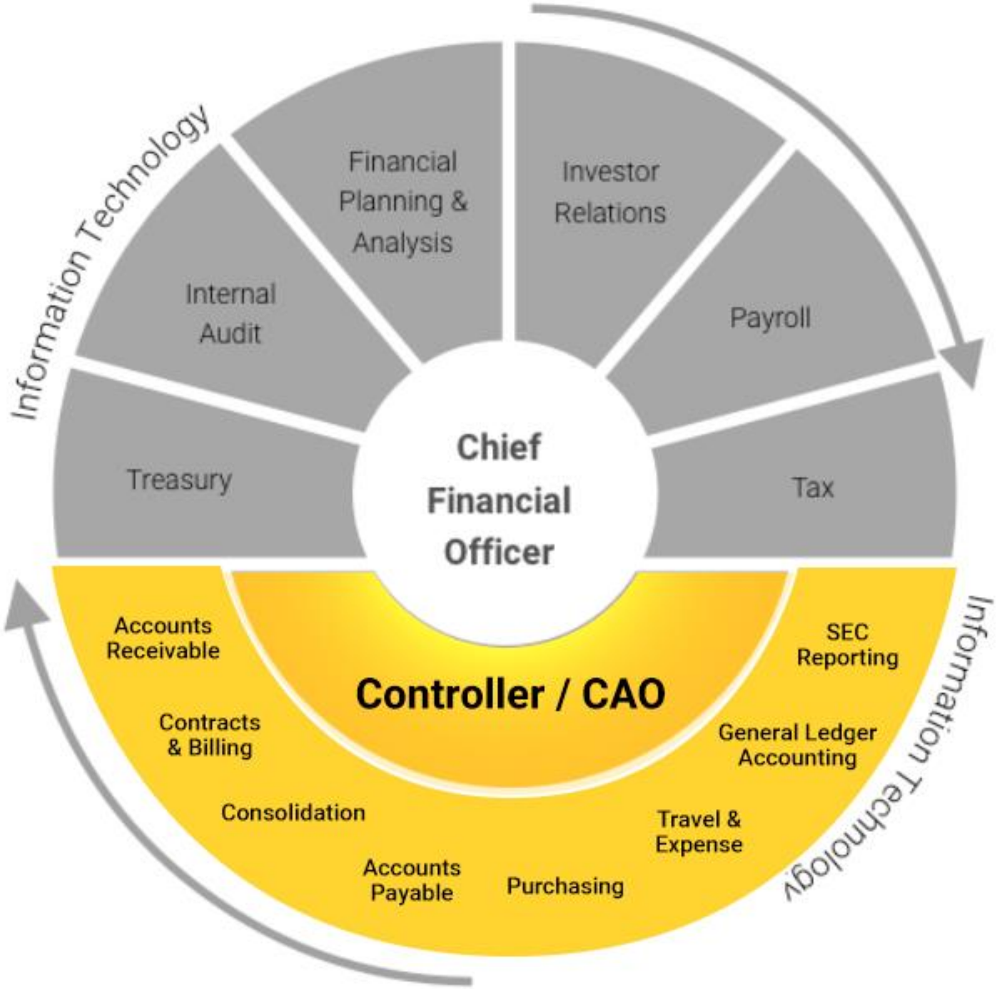


[1] Combined TAM for Financial Close and Accounts Receivable Markets. Financial Close TAM of $18.5B based on Frost and Sullivan 2018 TAM for Core Products. Accounts Receivable TAM of $10B based on independent third-party analysis and assumes ~40,000 target customers in the US, UK, and EMEA with maximum ARR spend of $250K.

Our Market Is the Office of the Controller

Who is the Corporate Controller?

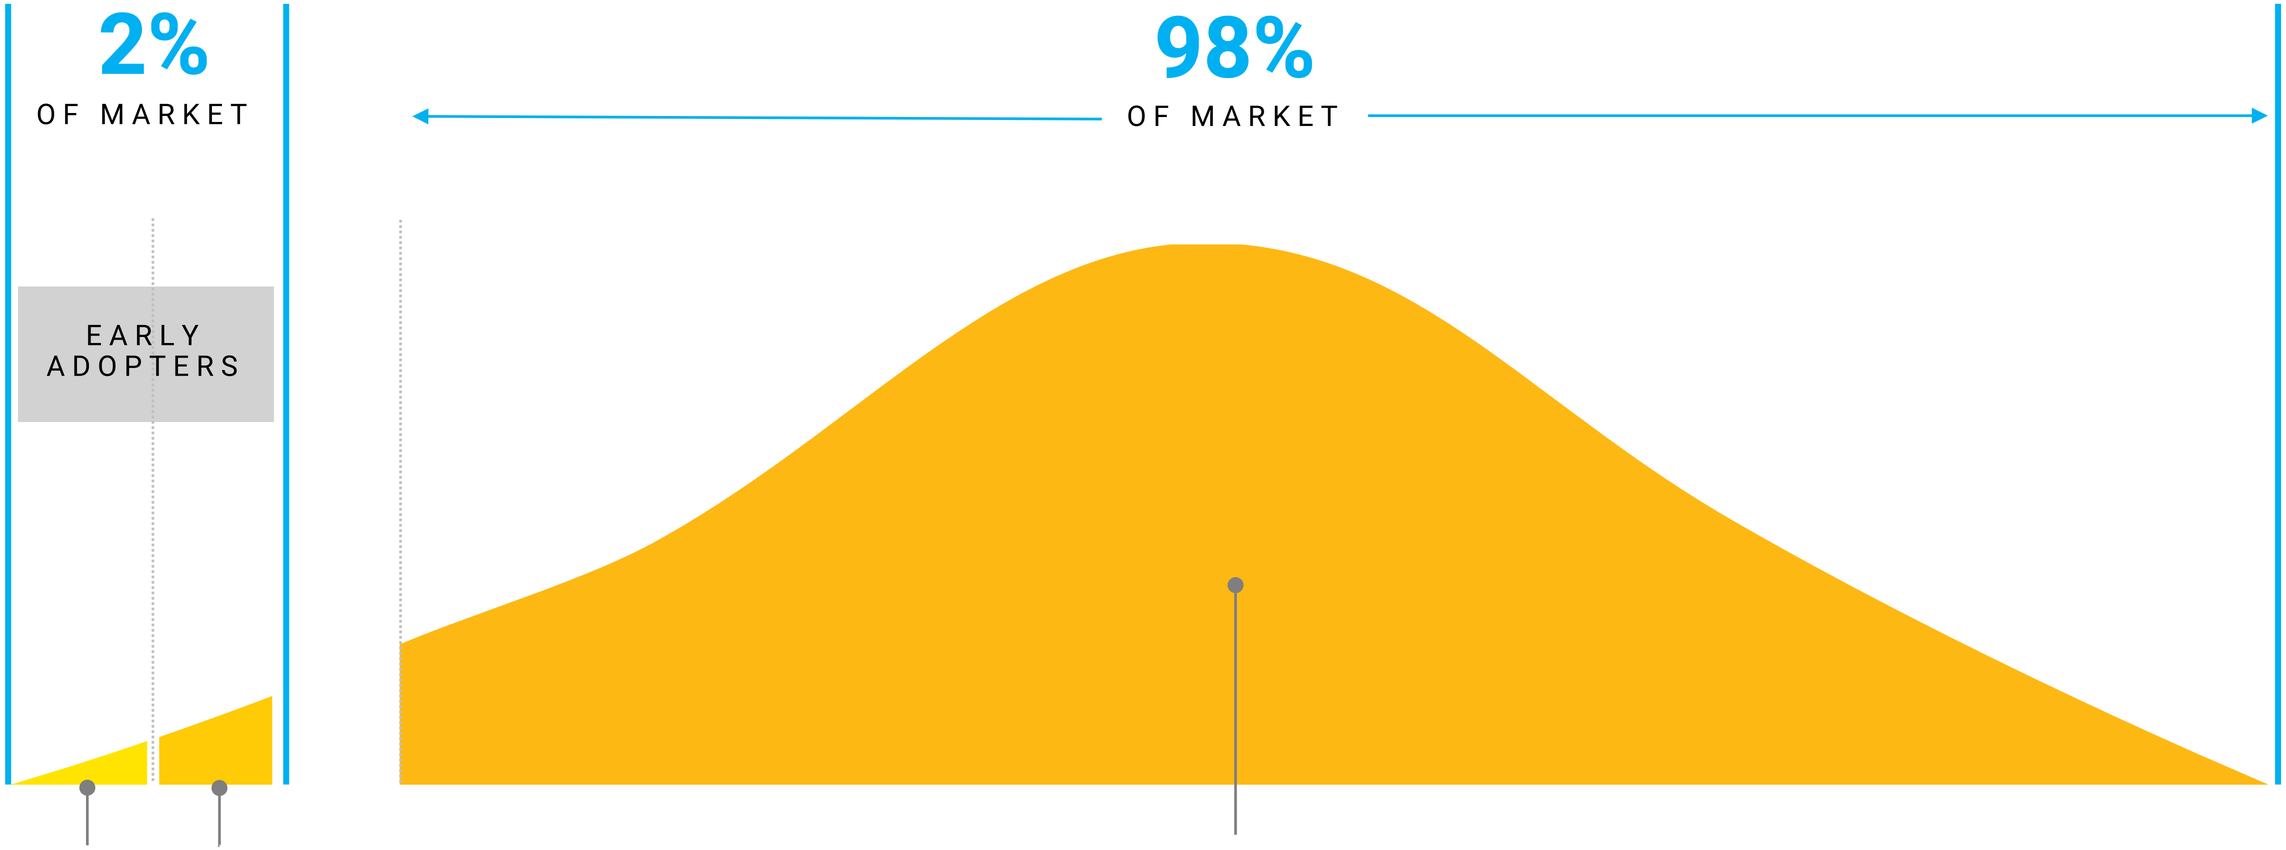
- The Controller plays a critical role in an organization's financial health
- The Controller oversees a large team across many interconnected departments
- The status quo for today's Controllers and their teams is manual processes with information being shared in binders, shared drives, and emails



BLACKLINE

The Office of the Controller has Long Been an Area of Underinvestment

The pandemic has accelerated the global economy's shift to modern software and put a spotlight on the back office



Defensive

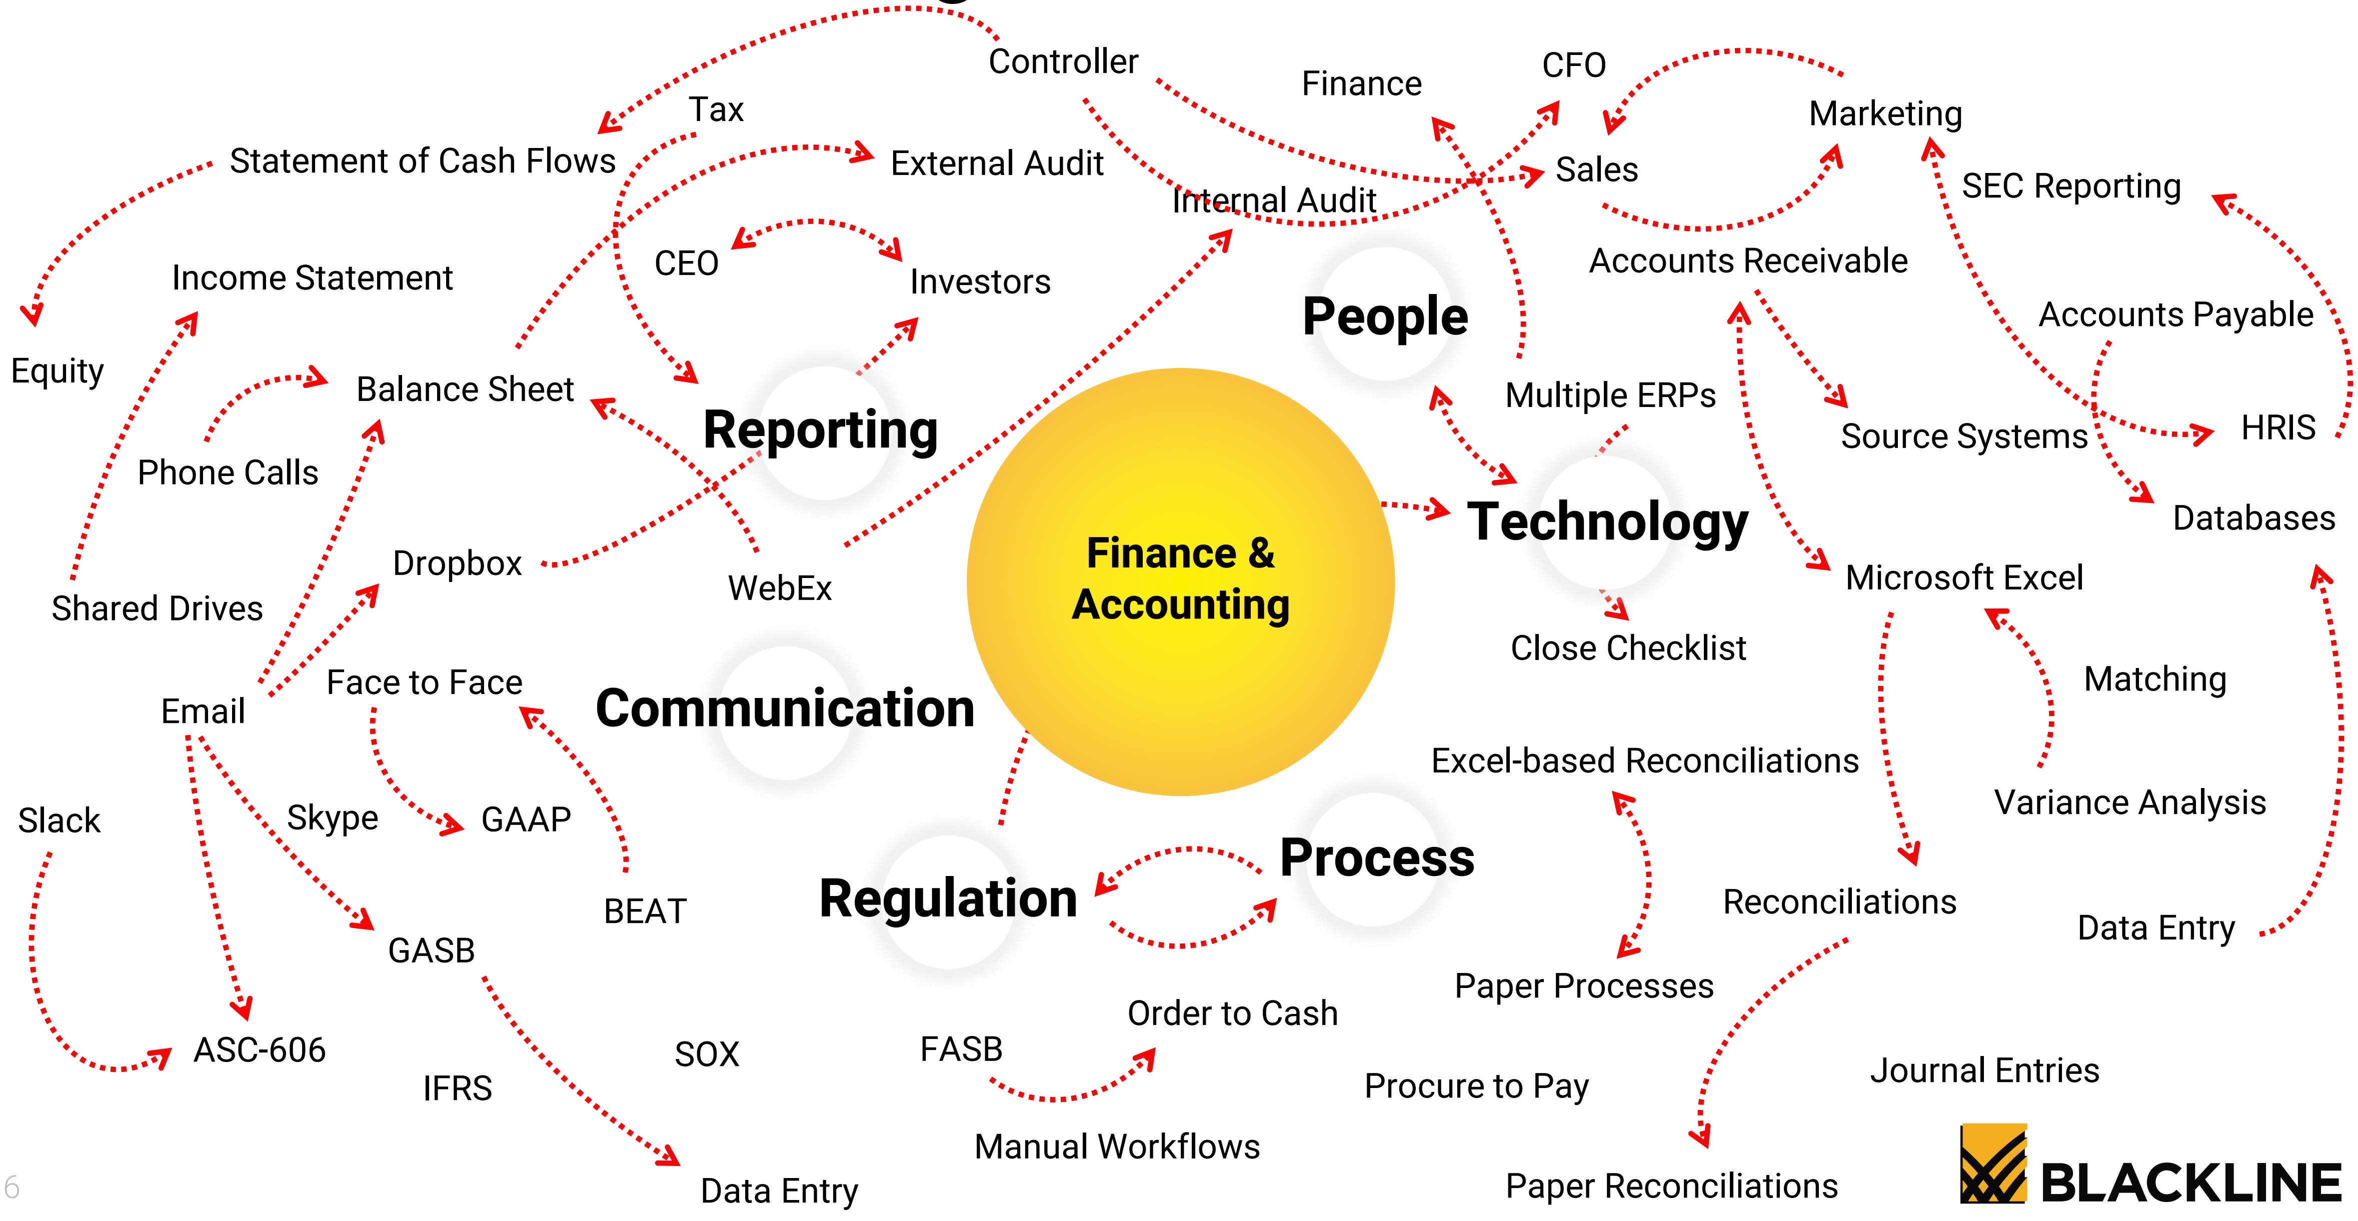
Companies who experienced a material weakness or accounting issue

Process Improvement

Companies who are looking to improve their finance and accounting process

Mainstream Adoption of Financial Close & AR Automation

With Manual Accounting Processes That Are Not Sustainable



And Significant Challenges That Impact the C-Suite

CONTROLLER CHALLENGES

- Limited Visibility
- Lack of Ownership & Control
- Risk of Inaccuracy
- Volumes of Unapplied Cash
- Talent Retention

- Limited Real-Time Data Analysis & Insight
- Inefficiencies, Less Productivity & More Risk
- Material Weakness
- Concerns Over Liquidity
- Overworked Team & Low Morale

CFO CHALLENGES

BlackLine's Financial Operations Management Platform Drives Modern Accounting & Optimizes Financial Operations

BLACKLINE

And Enables Strategic Accounting & Finance Transformation

Financial Close Management + Accounts Receivable Automation + Intercompany Financial Management

Drive accountability through visibility. Reporting & Dashboards

Build accuracy, control, and consistency into every process. Financial Controls from Order to Cash to the Financial Close & Compliance

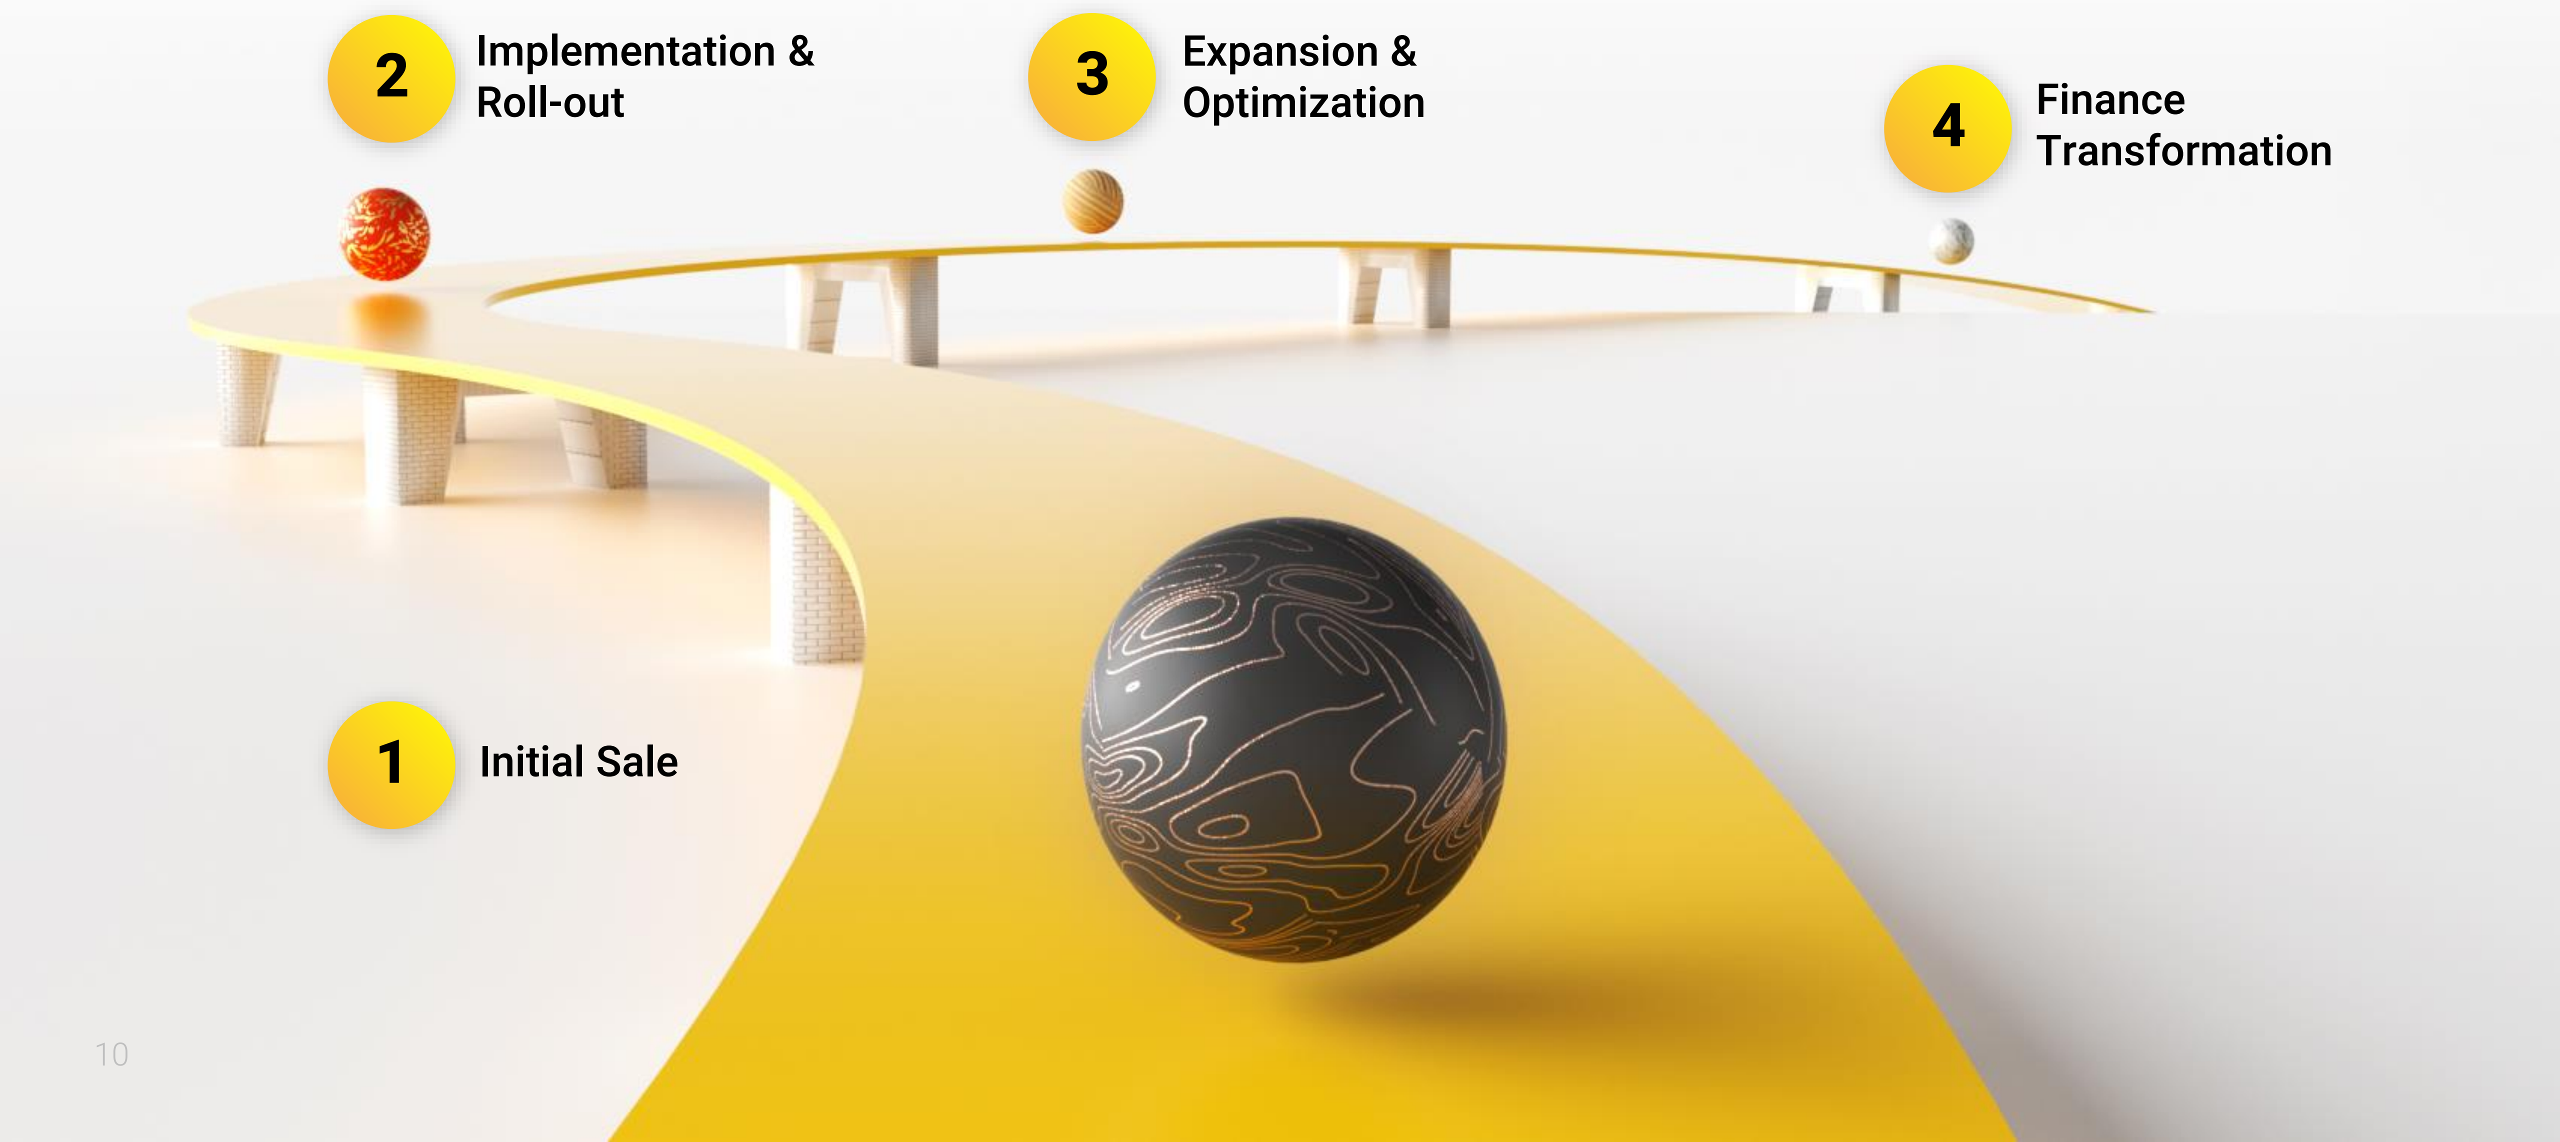
Automate the repetitive to enable higher-value work. Intelligent Automation

Unify systems and data for a complete financial story. Secure integrations, ERP connectors & APIs

Unified. **Automated.** **Continuous.**

The Collaborative Accounting Experience Sets BlackLine Apart

Proven land and expand approach that drives expansion and value for our customers



Proven Go To Market & Customer Strategy

	ENTERPRISE >$750M ANNUAL REVENUE	MID-MARKET $50M-750M ANNUAL REVENUE	ACCOUNT EXPANSION ~1 YEAR AFTER INITIAL SALE

BLACKLINE

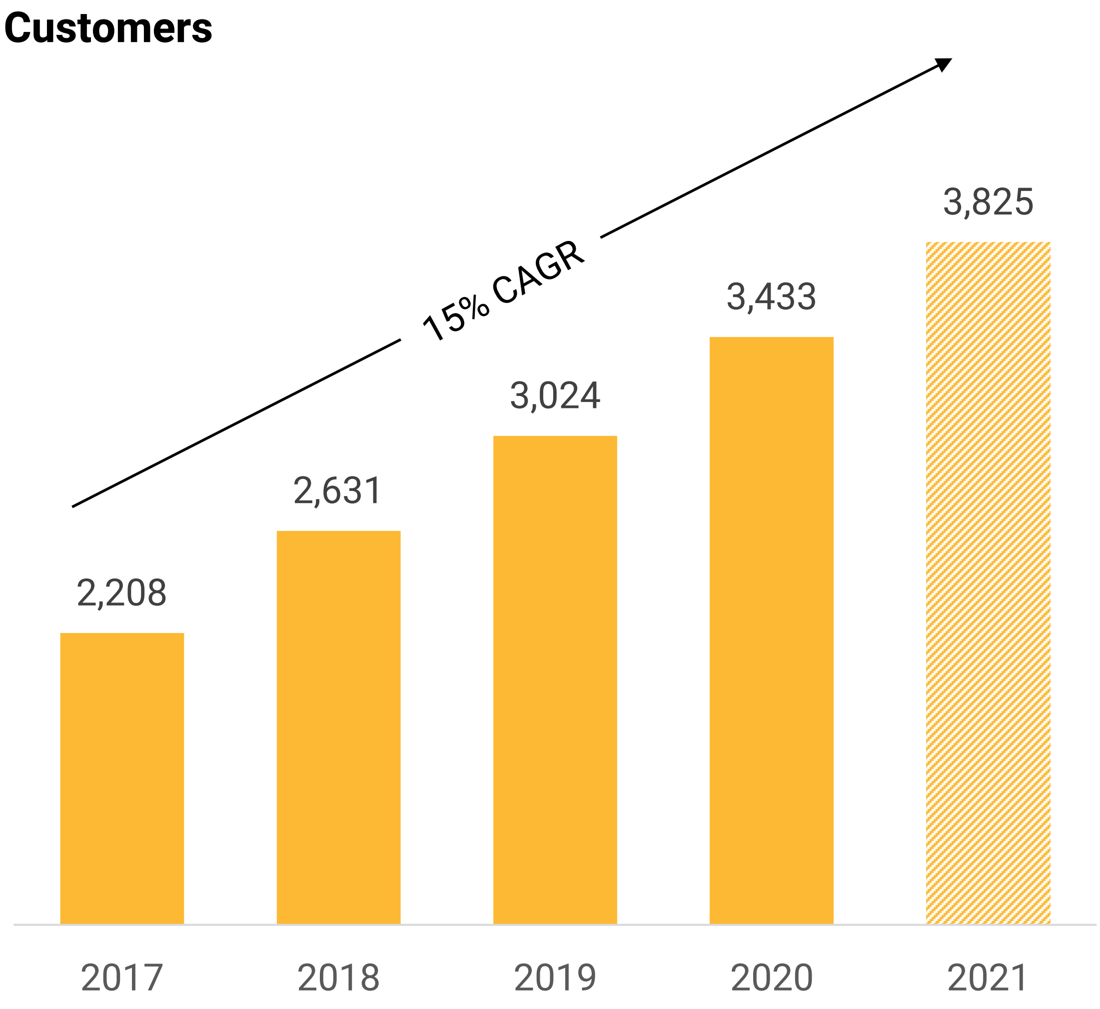
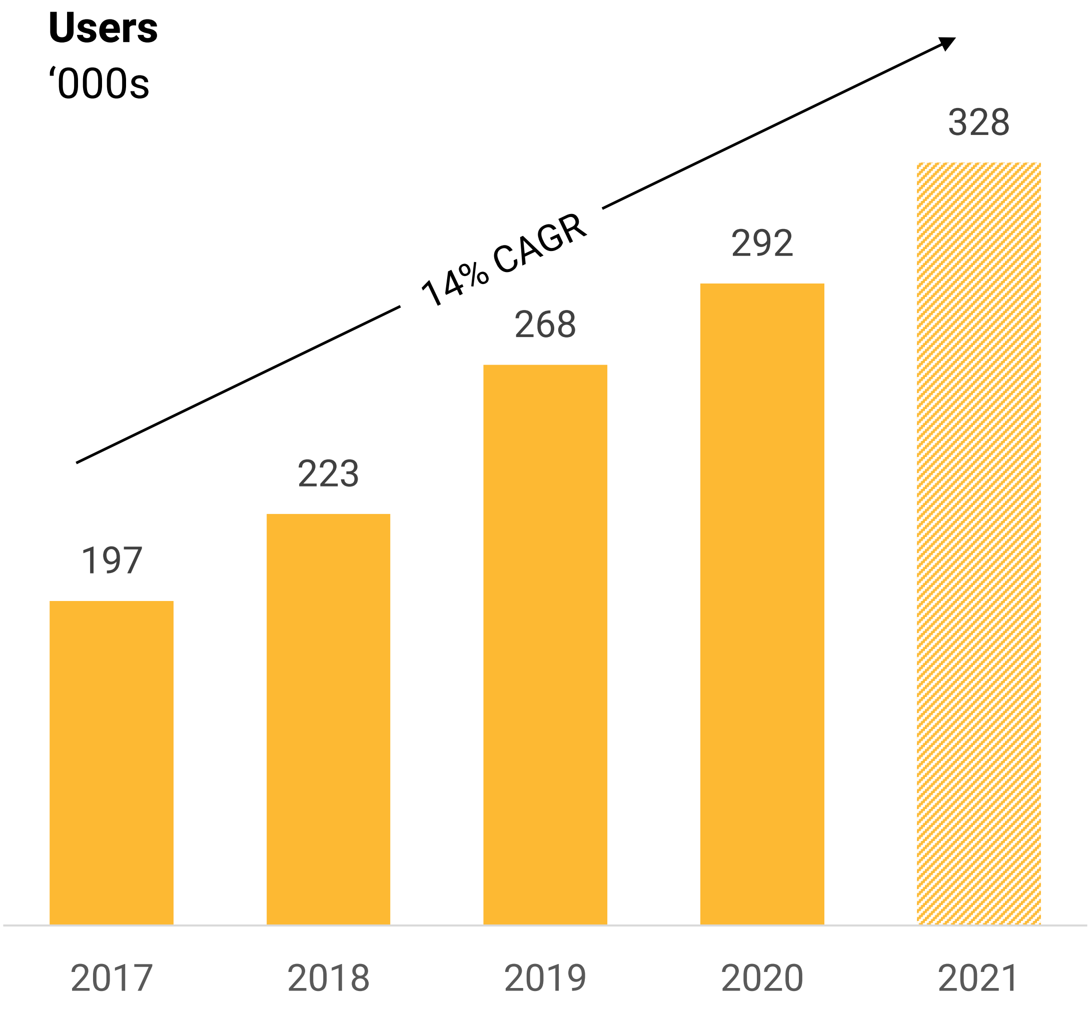
Consistent Customer and User Growth

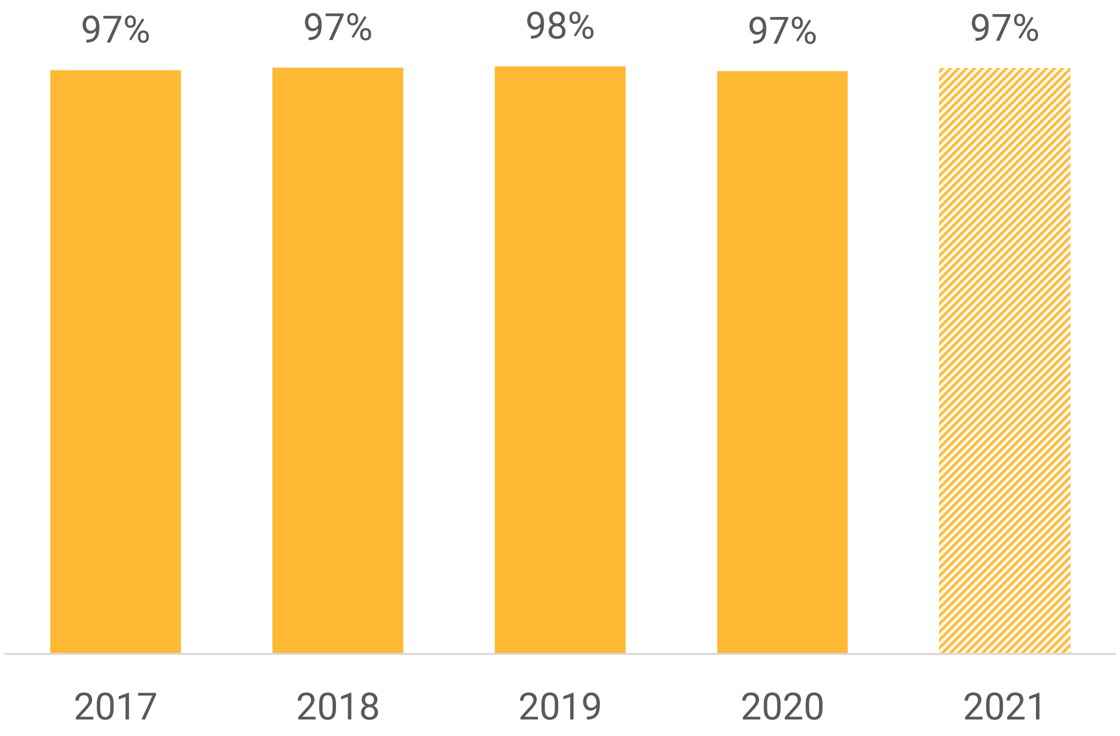




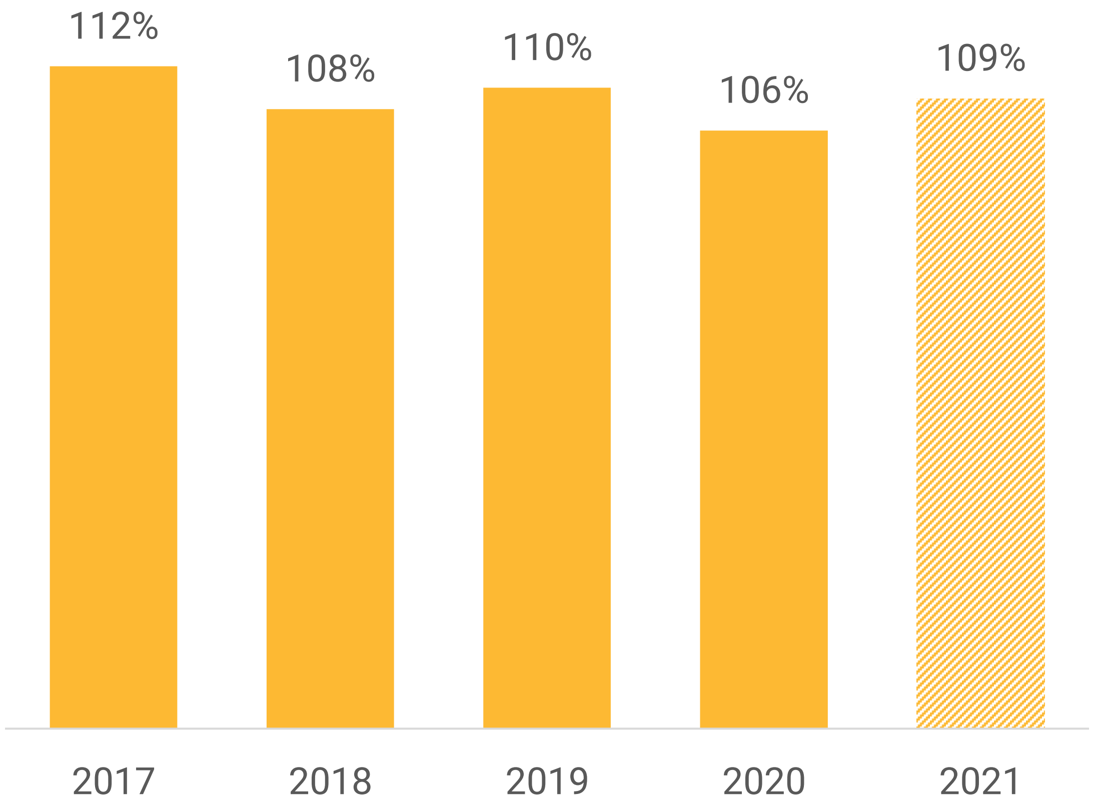
BLACKLINE

Strong Renewal Rate Driving Overall Retention Rate

Dollar-Based Revenue Renewal Rate



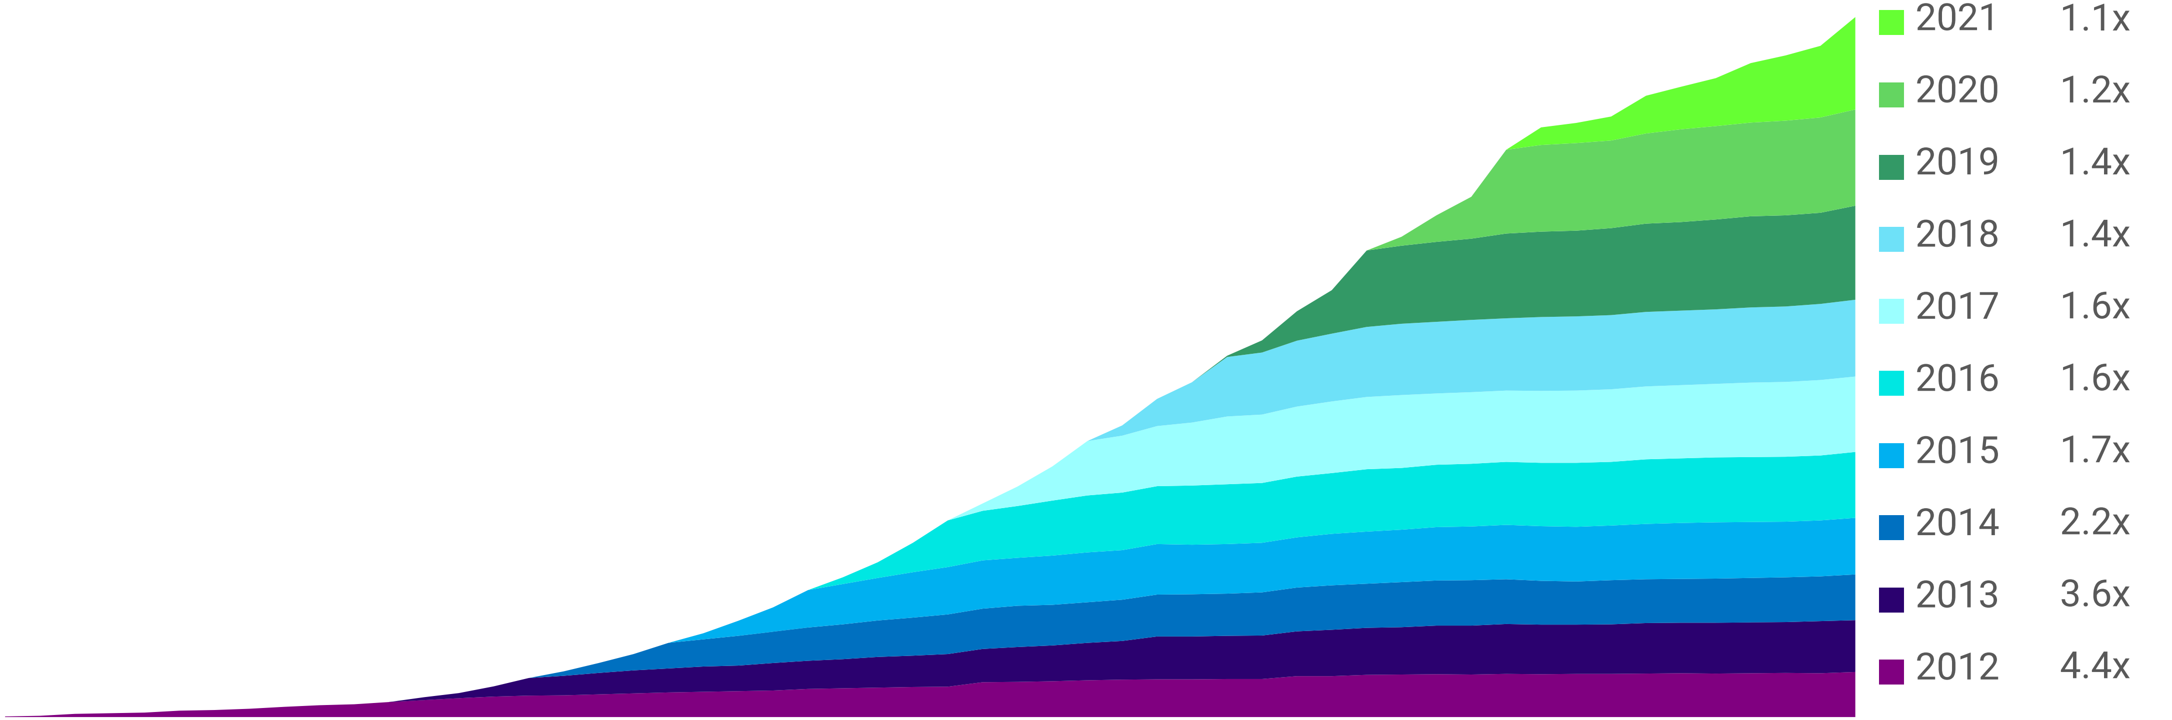
Dollar-Based Net Revenue Retention Rate



Dollar-based revenue renewal rate for each period is calculated by dividing (a) the total actual annualized subscription and support revenue of customer contracts renewed for a given period by (b) the total annualized subscription and support revenue up for renewal of customer contracts expiring in the same period. Dollar-based net revenue retention rate is calculated as the implied monthly subscription and support revenue at the end of a period for the base set of customers from which the company generated subscription revenue in the year prior to the calculation, divided by the implied monthly subscription and support revenue one year prior to the date of calculation for that same customer base. This calculation does not reflect implied monthly subscription and support revenue for new customers added during the one-year period but does include the effect of customers who terminated during the period.

Compelling Land and Expand Model

Annualized Revenue by Customer Cohort [1]

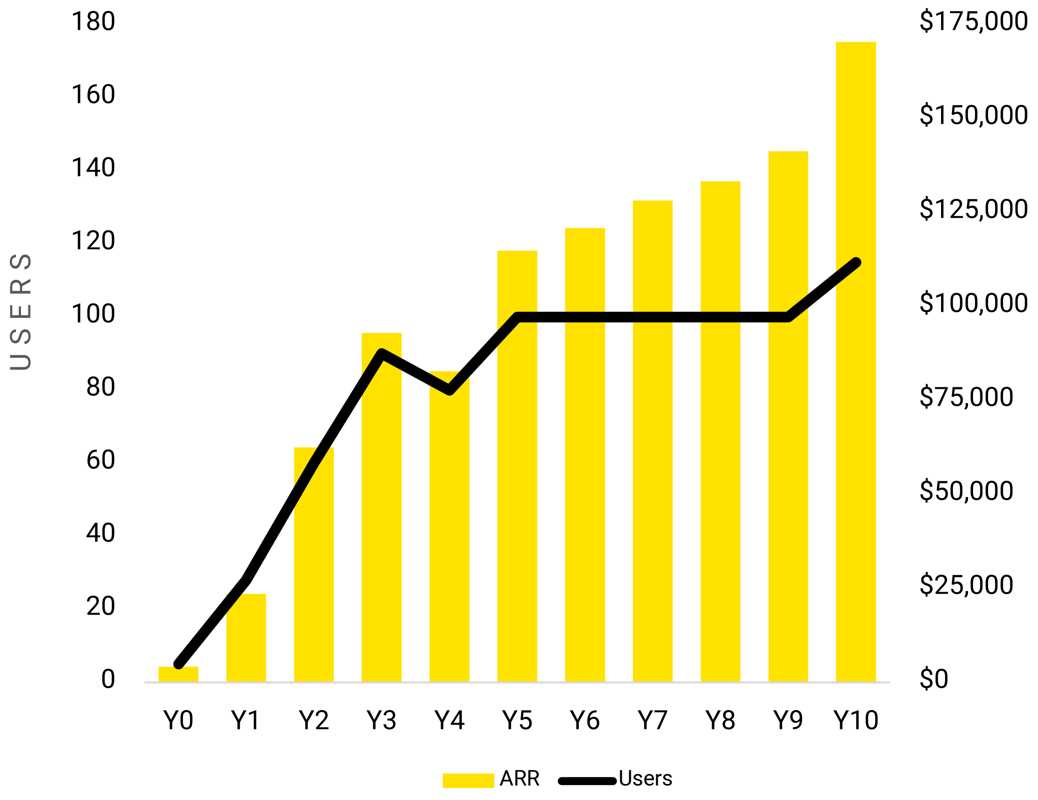


[1]Reflects annualized subscription and support revenue for the group of customers that became our customers in each respective cohort year. A "cohort" is a grouping of customers by the year specified. For instance, the 2012 cohort includes all customers whose contract start date is between January 1, 2012 and December 31, 2012. We calculate annualized subscription and support revenue at a particular date as the total amount of minimum subscription and support revenue contractually committed under each of our customer agreements for that month through the remaining term of the agreement, divided by the remaining number of months in the term of the agreement, multiplied by twelve. We calculate initial annualized subscription and support revenue for any given cohort year as the sum of annualized subscription and support revenue as of the first month of each customer agreement that was entered into within that given cohort year. Accordingly, in contrast to annualized subscription and support revenue, initial annualized subscription and support revenue does not reflect any changes in the payments due under or the duration of customer agreements following the first month of the customer agreement. Our annualized subscription and support revenue as of December 31, 2021 for each of our 2012, 2013, 2014, 2015, 2016, 2017, 2018, 2019, 2020 and 2021 customer cohorts represented an increase over the initial annualized subscription and support revenue for such customer cohorts, shown as the "Growth Multiple" above.

Customer Expansion in Action

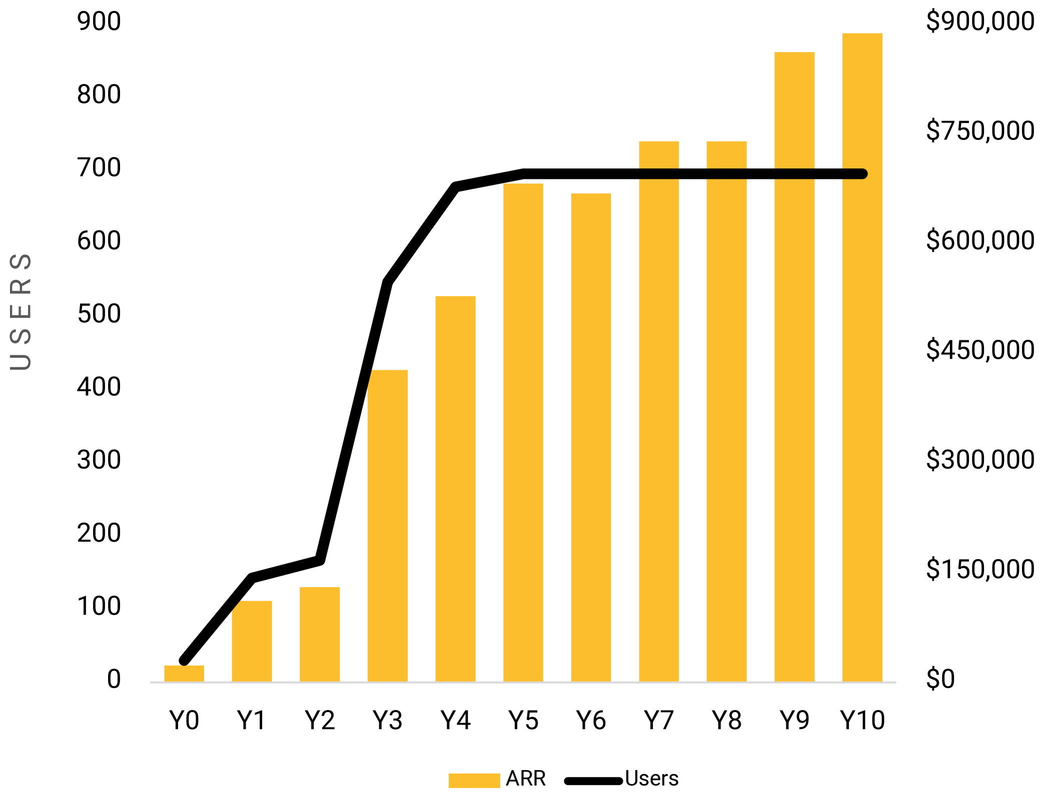
Mid-Market Customer

Financial Services Company *Current ARR of ~$170K*



Enterprise Customer

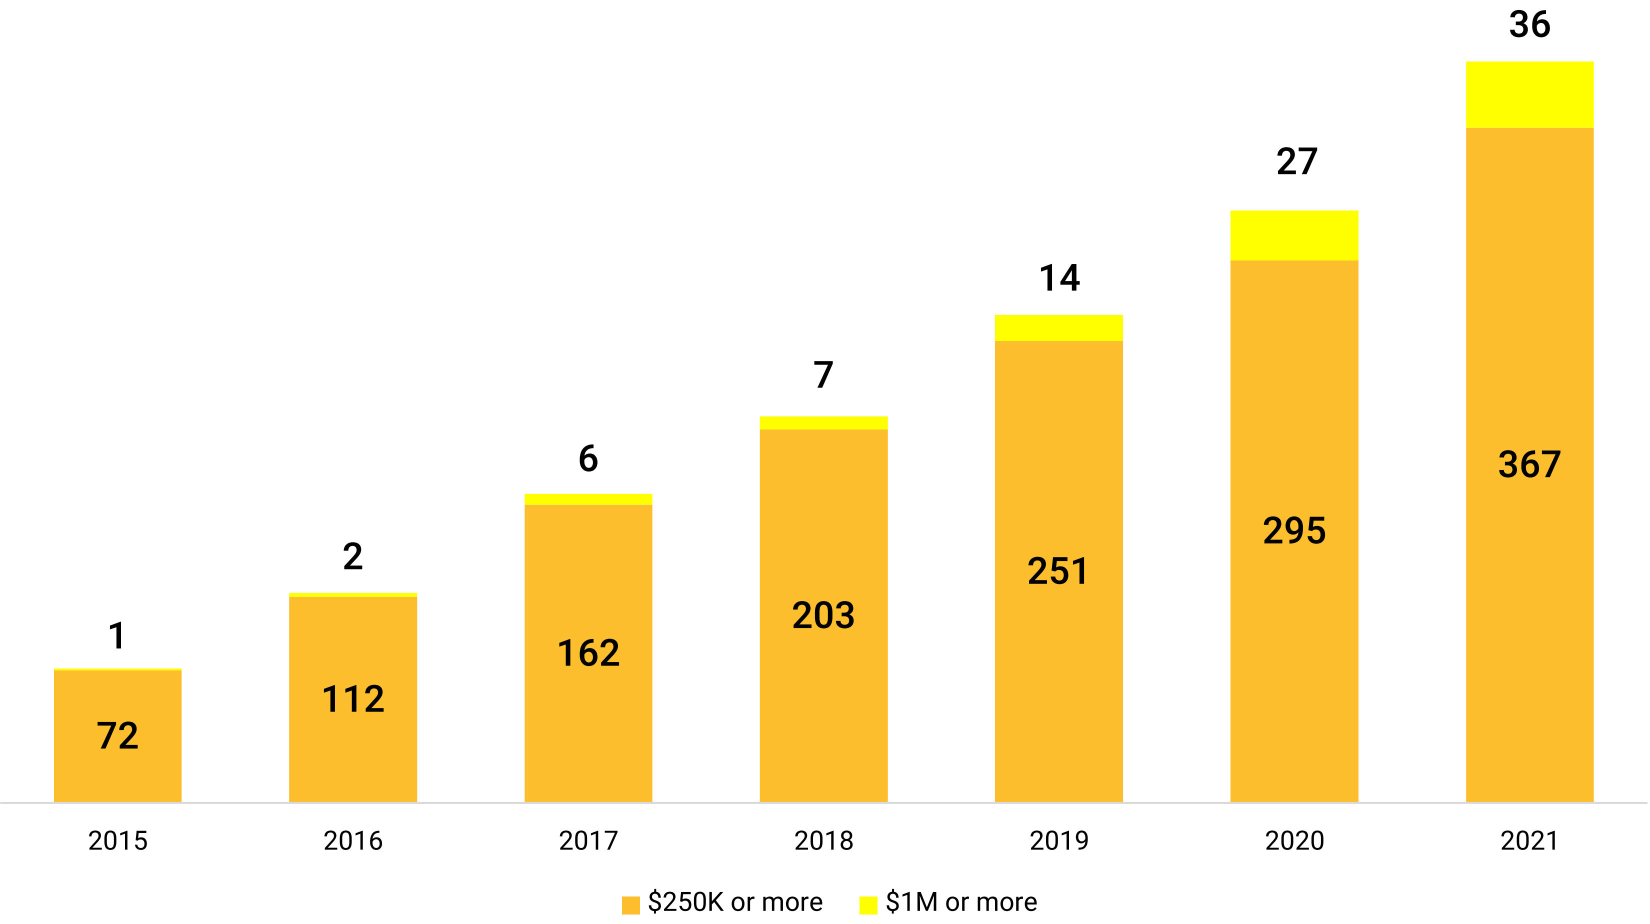
Global Industrials Company *Current ARR of ~$900K*



BLACKLINE

Growing Customer Wallet Share

More than 400 customers with an ARR[1] of $250K+



33%

CAGR in customers spending $250K or more

[1]ARR refers to annual subscription and support revenue. Data as of December 31, 2021.

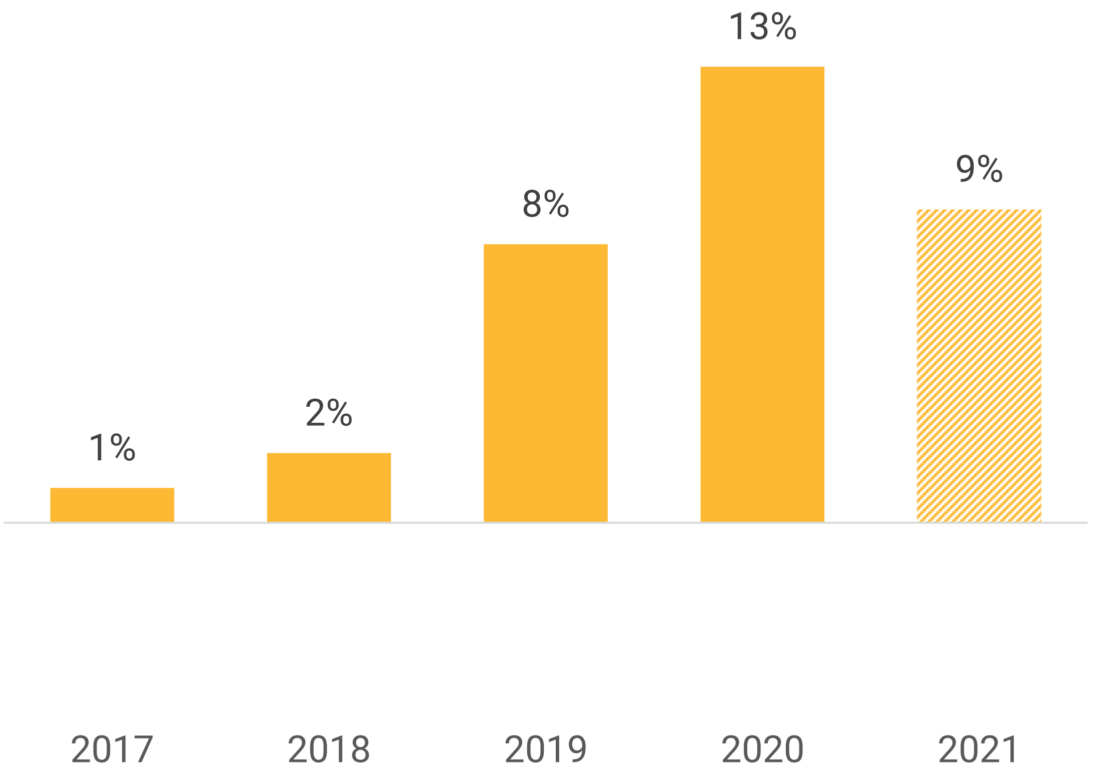
Strategic Product Installed Base Opportunity

	TRANSACTION MATCHING	CASH APPLICATION	SMART CLOSE	INTERCOMPANY HUB
Customers who are target candidates	3,400+	3,400+	~900	1,800+
Portion of this opportunity currently captured	24%	6%	7%	2%
Incremental ARR opportunity	$150M+	$250M+	$100M+	$300M+

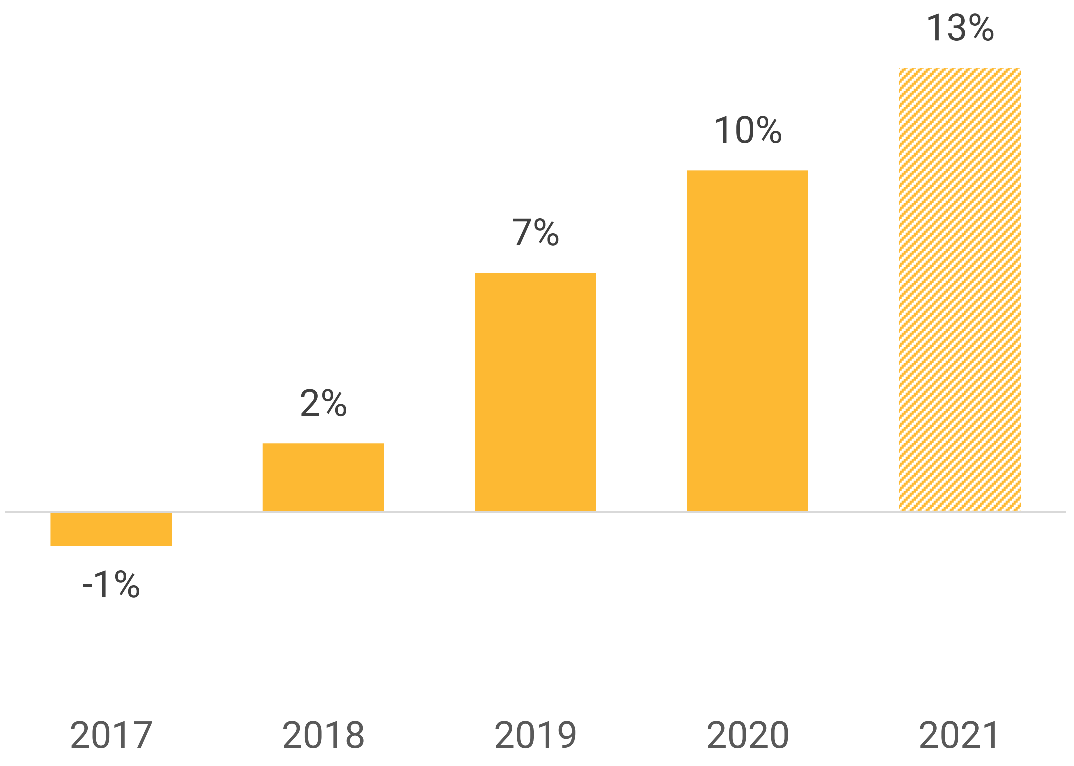
Based on number of customers who have purchased these products as of December 31, 2021.

Demonstrated and Sustained Profitability & Cash Flow

Non-GAAP Net Income Margin[1]



Free Cash Flow Margin



Free cash flow defined as cash flows from operating activities less capex.
[1] See appendix for GAAP financial measures and reconciliations. 2017-19 values have been adjusted for the non-cash, income tax revision.

"ACQUISITION" DEFINITION

We operated as BlackLine Systems, Inc., which we refer to as the "Predecessor," from 2001 until September 2013. On September 3, 2013, BlackLine, Inc., which we refer to as the "Successor," acquired BlackLine Systems, Inc. in connection with an investment by Silver Lake Sumeru and Iconiq, which we refer to as the "Acquisition." The Successor was created for the sole purpose of acquiring the Predecessor and had no prior operations. We refer to Silver Lake Sumeru and Iconiq collectively as our "Investors" and, in connection with the Acquisition, our Investors obtained a controlling interest in us. The Acquisition resulted in a new basis of accounting and was accounted for as a business combination.

2016 GAAP revenues were adjusted for the impact of purchase accounting resulting from the Runbook Acquisition on August 31, 2016. The purchase accounting adjustments for the quarters ended March 31, 2017, June 30, 2017, September 30, 2017, December 31, 2017, and March 31, 2018 related to the Runbook Acquisition were not meaningful and were thus not presented.
